WEB DEVELOPMENT ACTIVITY-BASED LEARNING

Student Details and Three Selected Topics

STUDENT DETAILS

Student Name	Thota Hima Sri
Roll Number	26001252
College	NRI UNIVERSITY
Branch	CSM
Year	1st Year
Subject	Web Development

SELECTED ACTIVITY-BASED LEARNING TOPICS

The following three topics were selected for the Web Development assignment.

1. Library Website Design

Design a library website with book categories, book covers, author details, availability labels, search and filter interface elements, and library rules. Use CSS Grid and structured tables for displaying catalog information.

• Book categories and book-cover display

• Author details and availability status

• Search and filter interface

• Library rules and information

• CSS Grid layout and structured HTML tables

2. Online News Portal Design

Design a news website displaying national, international, sports, technology, and business news. Include headline sections, article cards, author details, featured stories, and a responsive multicolumn layout.

• National, international, sports, technology, and business sections

• Headline sections and article cards

• Author details and featured stories

• Responsive multicolumn page layout

3. Bus and Train Ticket Booking Interface

Design a bus and train ticket booking interface with source and destination, travel dates, passenger details, available services, fare information, and seat-selection layouts. Use forms, tables, and responsive booking cards.

• Source, destination, and travel date fields

• Passenger details and booking form

• Available bus/train services and fare information

• Seat-selection layout

• HTML forms, tables, and responsive cards

SUBMISSION NOTE

This document contains the student's details and the three selected Web Development Activity-Based Learning topics. Individual implementation files and output screenshots may be submitted separately as instructed by the college.
